unicef Partner Reporting Portal

# Guide d’apprentissage sur le PRP
# Remplir un rapport d'étape trimestriel

À l'aide du portail de reporting du partenaire, les partenaires peuvent soumettre leurs rapports d'étape trimestriels dans un format simplifié et standardisé.

L'UNICEF exige de ses partenaires de soumettre des rapports trimestriels tous les trois mois à compter du début du programme, afin d'évaluer les progrès vers les résultats prévus et les ajustements requis dans la mise en œuvre du programme.

Les indicateurs, les références, les cibles, les emplacements et les ventilations figurant dans les rapports d'étape trimestriels sont tous tirés du Cadre de résultats - qui a été élaboré et convenu conjointement lors de la formalisation du partenariat avec l'UNICEF.

Toute modification substantielle du cadre de résultats obligera les partenaires à collaborer avec l'UNICEF pour traiter un amendement du programme.

Pour promouvoir une déclaration en temps opportun, les partenaires seront en mesure de voir les dates d'échéance des rapports et recevront des notifications par email lorsque le rapport doit être présenté, ainsi qu'une notification de rappel hebdomadaire par email pour chaque semaine où le rapport est en retard.

Combiné avec les autres activités de suivi et d'assurance, le processus d'établissement de rapports aide l'UNICEF et ses partenaires à évaluer les progrès du partenariat de programme, à identifier et à résoudre
